To the Red Cross / O'Neil Company

Please accept our condolences for the residents displaced in yesterday's tragic fire. As a local property management company we extend our services and resources to the Red Cross and these residents. It is a tragedy that can strike anywhere and at any time, particularly for those providing housing.

Lindy Property Management Company manages communities throughout Philadelphia and the suburbs, including comparable new construction and higher end suburban communities. We offer to these victims a choice of both short term and long term leases for any community they choose. This will allow their flexibility to return to the O'Neil community once their apartment is restored. We will also eliminate the standard security deposit, the standard short term lease fee, and offer beds with linen and ensure direct contact with our personnel. Hopefully, this will ease a small bit, a nightmare circumstance.

Our heart goes out to those residents displaced, the emergency personnel, the volunteers, and all those on the O'Neil team who are doing all they can under these difficult circumstances.

If you would like more information please do not hesitate to contact Frank Lindy at (215) 416-7733 or our main office at 215 886 8063.

Truly yours,

Frank Lindy  
Lindy Property Management Company
